ADHAM F. A. ALHABBASH

IT Support & Network Technician

Khan Younis, Palestine | +972-599561140 | adoomafares@gmail.com

PROFESSIONAL SUMMARY

IT support and network technician with nearly 10 years of experience installing and maintaining computer networks, MikroTik routers, hardware, and CCTV systems. Managed a street-level ISP network serving 450+ fixed broadband subscribers and 500+ Wi-Fi routers, and supported hospital IT at Nasser Medical Complex on a UNDP project and as a volunteer during wartime emergency conditions. Brings hands-on experience with humanitarian organizations and public institutions, and is seeking an IT support or network role with an NGO or international organization.

PROFESSIONAL EXPERIENCE

Joint Council for Solid Waste Management 2024

Field Monitor

- Monitored field operations and work progress across assigned areas.
- Tracked and verified diesel fuel distribution and consumption, reporting to management.

Nasser Medical Complex 2023

IT Support Volunteer

- Volunteered to keep the hospital's computers, printers, and network running during wartime emergency conditions.
- Restored and maintained critical IT equipment to support continuous patient care under extreme pressure.

Mix Net Company 2022

Network Installation Technician

- Installed and maintained outdoor street networks serving 450+ fixed broadband subscribers.
- Deployed and managed 500+ Wi-Fi routers providing public street coverage.
- Handled the full network cycle: cabling, MikroTik and router configuration, troubleshooting, and customer support.

Al-Fokhari Municipality 2021

IT & Data Entry Specialist

- Administered the municipality's MikroTik router and maintained the local network.
- Maintained and repaired office printers and computers.
- Managed data entry and document archiving with high accuracy.

Nasser Medical Complex – UNDP Project 2019 – 2020

IT Support Technician

- Maintained computers, printers, and telecommunication systems supporting hospital departments.
- Installed and configured IT equipment as part of a UNDP-funded project.

Palestinian Red Crescent Society 2018

Network Installation Technician

- Installed and configured secure wired and wireless networks for the organization.

Future Computer Foundation 2016 – 2017

Computer Maintenance Technician

- Diagnosed and repaired hardware and software faults in desktop computers and laptops.

Fusion Internet Services 2015

Technical Support Specialist

- Resolved customer network and hardware issues and maintained client connections.
